**III. Financial Update**

**June 26, 2012 Executive Committee Minutes**

May and June 2013 Payment Requests – Mr. Norris asked the committee to review the May and June Payment Requests.

The May Payment Request had a total of \$792,655.38 was comprised of the following: \$721,819.12 from the Operations Fund, \$33,597.70 from the General Fund, and \$37,238.56 for the estimated June payroll. The June Payment Request had a total of \$1,111,517.62 was comprised of the following: \$1,031,785.59 from the Operations Fund, \$42,493.47 from the General Fund, and \$37,238.56 for the estimated July payroll. Mr. Van Vooren stated that the bills were higher in May due to the beginning of the new fiscal year and the beginning of the newly adjusted payment to Groot for FY2014.

Also included in the report was the April Treasurer's Report showing a balance of \$4,831,443.54 as of April 30, 2013. The May Treasurer's Report shows a balance of \$4,533,941.57 on May 31, 2013.

Mr. Rummel made a motion to approve the May and June Payment Requests and the April and May 2013 Treasurer's Reports which was seconded by Ms. Darch, and the motion was unanimously approved.

**IV. Executive Session**

Litigation – Upon a motion by Mr. Rummel, seconded by Mr. Hoefert, the Committee entered into executive session, after a unanimous roll call vote, at 11:38 a.m., to discuss litigation under Section 2(c)(11) of the Open Meetings Act and to review the April 24, 2013 executive session minutes.

The Committee reconvened in its regular open session at 11:47 a.m.

**V. Glenview Transfer Station (GTS)**

Mr. Schilling reported that there was increased waste volume especially in regards to landscape waste. He also stated that some maintenance issues including pothole patching and rebuilding the lift station pumps is needed. Groot will handle getting quotes and scheduling this maintenance and cover an initial amount as part of their contract.

**VI. Old Business**

Banking Relationship, Procurement Card – Mr. Van Vooren reported while researching a procurement card with Fifth Third Bank he also asked MB Financial about the services they offer. MB Financial can offer similar banking services to Fifth Third Bank with greater customer service, at about half the cost. There was a discussion on whether to take staff time now to issue an RFP for banking services or to make the change to MB Financial for the next several years and then issue an RFP once the Agency's planning process is complete. On a motion by Mr. Rigoni to authorize moving the agency banking services to MB Financial for a period of no more than two years before putting the services out to bid, seconded by Mr. Dixon, a vote was taken and the motion was approved.

**June 26, 2012 Executive Committee Minutes**

*Chairman Norris asked to move to item VII and leave the Solid Waste Management Plan Update for the end of the meeting. The committee agreed.*

**VII. New Business**

Matters Arising Out of Executive Session – None.

June Executive Director's Report – Mr. Van Vooren highlighted the office lease extension options for three or five years at a reduced rate but pointed out that all options would extend past April 2015. An out clause is available with the five year option but it is financially prohibitive. Mr. Norris suggested that this issue should wait until the planning process is complete. The committee agreed.

FY2013 Recycling Incentive Program – Second Installment – The Recycling Incentive revenue for the second half of FY2013 totaled \$135,259.60. The Agency portion, 20%, capped at \$100,000 annually, is \$27,051.92 leaving \$108,207.68 to be distributed to participating member communities. Board Resolution 2014-03 authorizes disbursement of this payment. Mr. Rummel made a motion to recommend Resolution 2014-03 to the Board of Directors and to place it on the agenda of the next Board of Director's meeting which was seconded by Mr. Rigoni, and the motion was unanimously approved.

Resolution #EC 2014-01 – Prevailing Wage Determination – The Agency is required to annually make a determination of the prevailing wages for the numerous job classification potentially used in association with projects undertaken during the fiscal year. This determination is based on the findings of the Illinois Department of Labor's research for Cook County. Mr. Rigoni made a motion to approve Resolution #EC 2014-01: "An Ordinance of the Solid Waste Agency of Northern Cook Count, Cook County Illinois, Ascertaining the Prevailing Rate of Wages for Laborers, Workers, and Mechanics Employed on Public Works of the Agency" which was seconded by Mr. Rummel, and the motion was approved.

Discussion of Waste Swap Rolling Meadows – Rolling Meadows is proposing to undertake a pilot program to determine if there is any cost savings in using the transfer station adjacent to their public works facility and swapping like material and quantities with the GTS. After discussion, it was decided that Rolling Meadows should not proceed with this pilot at this time. This proposal raises questions which need to be explored as part of the strategic planning process thus such a program should be postponed until the planning process is completed.

**VI. Old Business-continued**

Solid Waste Management Plan Update – A visioning discussion lead by Christina Seibert and Phil Kowalski of CBI began by seeking to define the objectives of the solid waste management plan. After much discussion it was decided that it is very important to clarify these objectives before bringing them to the Board of Directors. More time is needed to make the objectives both specific and clear. The Board of Director's meeting scheduled for July was cancelled, and this discussion will be the only item on the agenda for the July 24, 2013 Executive Committee meeting with the exception of the

**June 26, 2012 Executive Committee Minutes**

review of minutes and authorization of the payment request. It was agreed that the communication plan to gather input both from the Board and the community is good, but the dates need to be postponed in order to accommodate the extended review by the Executive Committee. Mr. Rummel will restate the objectives and circulate them by email for discussion prior to the July meeting.

**VIII. Adjournment**

There being no further business, a motion by Mr. Hoefert and seconded by Mr. Rummel to adjourn the meeting at 1:34 p.m. was unanimously approved.

**III. Financial Update**

**August 28, 2012 Executive Committee Minutes**

August 2013 Payment Request – Mr. Norris asked the committee to review the August Payment Request.

The August Payment Request had a total of \$1,232,977.58 was comprised of the following: \$50,566.47 from the General Fund, \$1,145,172.55 from the Operations Fund and \$37,238.56 for the estimated September payroll. Mr. Rummel made a motion to approve the August Payment Request which was seconded by Mr. Dixon, and the motion was unanimously approved.

On a motion by Mr. Rummel to approve the August Payment Request, seconded by Mr. Dixon, a vote was taken and the request was approved.

Treasurer's Report and Revenue/Expense Reports for July 2013 – Mr. Norris asked the committee to review the Treasurer's Report for the first quarter of FY2014.

On a motion by Mr. Rigoni approve the Treasurer's Report, seconded by Mr. Dixon, a vote was taken and the report was approved.

FY2013 Audit – Mr. Van Vooren reported that the Agency saw decreases in FY12-13 within the assets, liability, operational income and operational revenues. The Agency saw an increase of \$300,363 in total net assets as of April 30, 2013. Operating income had decreased by \$547,380 from the previous year as a result of the use of \$535,000 from reserves. Ms. DeKraker stated that this report was consistent with last year's report. The audit however, did clarify some of the new audit standards. The net income did build back up the reserves. The management letter found no weaknesses with internal controls. There are suggestions included for items such as voided check and credit card use. Mr. Norris stated that the audit reflects the Agency and its budget used as a financial plan went as the Board had outlined, to draw down cash to reduce the tipping fee.

On a motion by Mr. Rigoni to approve the FY2013 Audit, seconded by Mr. Hoefert, a vote was taken and the audit was approved.

FY2013 True-Up – Mr. Norris reported that under deliveries of waste to the transfer station resulted in the majority of communities to receive a reimbursement from the Agency.

On a motion by Mr. Rummel to approve the FY2013 True-Up, seconded by Mr. Hoefert, a vote was taken and the true-up was approved.

**IV. Glenview Transfer Station (GTS)**

FY2014 First Quarter Report – Mr. Schilling reported that Recycling Incentive Program revenues were low due to commodity pricing at historically low values. The Agency can expect the \$5/ton minimum payments for current volumes. He noted that the computer tracking system was purchased in 2004. When the Agency goes out to bid for operations, the system would be transferred to the operator and that upgrading at this point does not make sense.

**August 28, 2012 Executive Committee Minutes**

**V. Old Business**

Solid Waste Management Plan Update – Mr. Van Vooren reviewed the schedule for the regional meetings for Members, staff and residents concerned about solid waste. CB&I (Shaw Environmental) would give a brief presentation and allow for a public comment period.

**New Business**

August Executive Director’s Report – Mr. Van Vooren highlighted the pending continuing disclosure notice to meet deadlines and requirements of the bond ordinance. Staff is reviewing the proposed Cook County solid waste ordinance. This ordinance proposes to modify the existing transfer station permitting and reporting requirements with the purpose to extract data from waste disposal facilities, establish operating procedures above IEPA requirements, fees for permitting these facilities and oversight of facilities to take over inspections and review from IEPA. Chicago would be exempt from these changes. Mr. Norris stated that other municipal facilities should also be exempt as well under these guidelines. Mr. Van Vooren reported that staff has scheduled a meeting with Cook County to discuss the proposed changes and would report back.

Waste Grant Program Proposal – Mr. Van Vooren reviewed the grant proposal, stating that the existing education program had been in existence since 1992 with a \$10,000 proposed budget each fiscal year. The participants have remained consistent throughout the program. Under the proposed grant, the program would enhance educational opportunities at schools and extract data of additional reduction efforts in schools with a larger financial participation to achieve metrics and to offer hands-on support. The intent of the program is to span multiple years.

On a motion by Mr. Hoefert to approve the one-year test pilot amended waste grant program, seconded by Mr. Rummel, a vote was taken and the grant program was approved.

**VI. Adjournment**

**VI. Old Business**

Solid Waste Management Plan Update – Mr. Van Vooren stated that feedback was needed on the action items included in the memo due to timing issues regarding the survey and waste management options. Christina Seibert reported that from the three stakeholder meetings, that residents, waste haulers and municipal employees gave feedback in terms of the value of the Agency, perceived needs, questions and concerns. In general, feedback centered around access to programs, costs related to programs and

**October 23, 2012 Executive Committee Minutes**

services and educational programs are still needed to continue to reach all stakeholders. There were approximately 50 people in attendance for these meetings after discussion. The Committee reached consensus that there was no need for another stakeholder meeting.

Ms. Seibert led a discussion regarding the need to send out a scientific survey that would be developed and used to obtain further input. Shaw solicited proposals from two national public opinion research firms to conduct a scientific survey of the SWANCC population to reach 400-600 households. The survey would report aggregate results with coded responses to delve further into the numbers. The committee discussed demographics, diversity and member representation to get a true cross section of the population to fully understand the approach.

Mr. Hoefert made a motion to award a contract to Lake Research Partners for land and mobile phones up to 600 responses. Mr. Rigoni seconded the motion. A vote was taken and the motion was unanimously approved.

Ms. Seibert then led a discussion regarding the priority levels for waste management options for Shaw to pursue in writing the Draft Plan. The Committee discussed the waste management options and ranked them on a level of low to high including: Residential recycling (M); Multi-family recycling (H); Commercial recycling (M\*); Construction and demolition (C&D) debris management (H); Organics/food scrap management (M); Household hazardous waste Management (L); Regional collection/joint purchasing (H); Waste transfer and disposal (M); Mixed-waste processing operations (M) and Conversion technologies (L).

The Committee discussed the schedule to work on the survey, provide a brief update memo to the Board of Directors for November and to present a Draft Plan in January.

2700 Patriot Boulevard Lease – Mr. Van Vooren reported that through conversations with the current real estate consultant that the market and its pricing has not changed since the last conversation. Prairie Glen's offer of a 3- or 5-year lease with conditions was still on the table. He also reported that through conversations with Wheeling, in which they may have space available in the public works building that they could be willing to offer to SWANCC. Mr. Van Vooren has an appointment scheduled to view the space and will report back findings to the Committee.

Cook County Solid Waste Ordinance Update – Mr. Van Vooren reported that the current revised solid waste ordinance did not include the exemptions as requested. The Committee discussed additional letters to be written to the commissioner and states attorney since no response had been received from previous letters. The Committee also suggested that staff and Mr. Price reach out directly to the States Attorney to determine if they are willing to modify the proposed ordinance to exempt SWANCC.

**New Business**
